The International Union of Superiors General (UISG) is a membership organization for leaders of female religious congregations within the Catholic Church. Its members, who number almost 1900, are divided worldwide into 36 units or constellations and each constellation is represented by either one or two delegates. During the recent meeting of UISG Delegates in Manila, (Philippines) from November 5-10, 2017, the *Irish Bishops' Principles of Responsibility regarding priests who father children while in ministry*, were presented and discussed with the delegates.

The delegates will now make the members within their constellations aware of these guidelines to ensure that pastoral support is offered by congregations where the necessity arises.
