Below are the two questions, which were asked of the xxx and which I am happy to share with you. The context for asking outlined was i) the request of the UN Committee report and 2) "getting some sense of the scale of this issue."

1) "I would appreciate if you could let me know if xxx is aware of any priest who has declared himself the father of a dependent child/children in line with the Irish Episcopal Conference's 'Principles of responsibility regarding priests who father children while in ministry'. This query relates only to a child under the age of 18 and to priests who are currently in a ministry in Ireland. It does not include priests who have left the priesthood, been laicized or defrocked."

2) "I also request that you provide us with information on measures which have been adopted by xxx to address this issue."
